Course Goals

Course Description

An introduction to and evaluation of trends in contextual theologies and other pressing issues in contemporary theology and church life. Students evaluate these issues from a biblical and evangelical Christian perspective and develop their own theologically-informed responses to these trends. The key topics of discussion will vary.

Focus topics for this term include open and relational theology, climate change and creation care, disability studies, the prosperity Gospel, LGTBQ issues, and gender issues.

Relationship to MCS-Horizon's Missions

MCS's mission is: Creating a learning community that provides programs and services that equip Pentecostal leaders for ministry. Horizon's mission is: Advancing God's Kingdom by Preparing Competent Christian Leaders for Spirit-Empowered Life and Ministry. Pressing theological issues affect our lives and ministry in many contexts. This course equips students to understand these issues and articulate a Christian response to them based on biblical and theological considerations. It thus aids them in the following core competencies:

- *Biblical and Theological Literacy* is demonstrated by skilled interpretation of scripture and evaluation of theological issues in order to articulate how to think, live, and minister in light of who God is, who God's people are, and God's purposes for the world.
- *Contextual Awareness* is demonstrated by a maturing orthodox Christian worldview, a healthy self-understanding, and engagement of people and cultures with wisdom and discernment.

Course Competencies and Learning Outcomes

To demonstrate competency in *Biblical and Theological Literacy*, students will:

1. Engage in theological reflection that is "biblical," "evangelical," and "spiritual."
 - *Assessment:* Content Test, Position Paper

2. Assess the use of the Bible and theological presuppositions in theological texts.
 - *Assessment:* Book Review
3. Develop and articulate their own biblical-theological position on a pressing topic in contemporary theology and/or the life of the Church.
 - *Assessment:* Position Paper.

To demonstrate competency in *Contextual Awareness*, students will:

4. Accurately describe and evaluate issues in evangelical theology, and Christian theology more broadly, of significant concern to the Church both within Canada and globally.
 - *Assessment:* Content Test, Book Review

**While students have the benefit of accessing their textbooks online through the [Digital Theological Library](#), they will not have access to the Digital Theological Library upon graduation. Therefore, we encourage students to purchase select textbooks to build their personal library.

Course Assignments and Activities

BEFORE THE MODULE

1. Pre-Module Reading.

Students should be sure to read the assigned readings before the module. The readings will help to establish the broad context of what theology is, and the kind of theology that we need to be doing. They will permit reflection and class engagement that is "biblical" "evangelical" and "spiritual." More specifically, they will help to lay the foundation for practicing that theology in relation to current issues.

- **Due date:** September 9, 2024 at 9:00 am.

AFTER THE MODULE

2. Content Test – 25%

A short-answer, open book online test covering course content in lectures, videos, and required reading. Students are to be sure to complete the remainder of the required reading before taking the test. The test will consist of 25 questions with point form or brief paragraph length responses and will evaluate biblical and theological competency and the level of understanding of current theologically related issues that concern the contemporary church.

- Related learning outcomes: #1, #4
- **Due date:** October 4, 2024

3. Position Paper (Choose one of the course focus topics) – 35%

This paper, as if for one's denomination, is not an argumentative or research essay, but a statement of one's theological position. Introduce the issue and explain why a position paper is necessary. Consider what biblical texts are important for this issue and how evangelical theological themes relate to it. Consider what contemporary culture and contemporary Christianity say about the issue and articulate your own position. It will be helpful to engage with two to four sources, including other position papers. The paper will be evaluated on the basis of its content: biblical texts and theological themes used to support the position and whether the contemporary culture and the wider church approach have been taken into consideration. Follow the MCS-Horizon Format Guide and be sure to include citations in footnotes when paraphrasing, summarizing, or quoting from other sources.

- Related learning outcome: #1, #3
- **Assignment Length:** 1000-1200 words.
- **Due date:** October 5, 2024.

4. Book Review – 40%

A critical review of a book related to ONE of the course topics that must be a different topic from that of the position paper. It may be chosen from the bibliography or self-selected with prior approval from instructor. Identify the book's main argument(s) or position(s) and summarize its content (approximately one-third of the review). Consider how the author uses (or fails to use) the Bible, identify the theological presuppositions present in the author's arguments, whether implicit or explicit, and comment on whether the author's position is evangelical or not and why. Explain how the book's topic is relevant for contemporary Christian engagement with culture. Finally, offer an appreciative and/or critical assessment and a recommendation for whether this book will help or hinder your audience's proper biblical evaluation of the topic. This assignment will be evaluated on the basis of clarity, thoughtful evaluation, theological reflection, and awareness of contextual issues in contemporary Christianity. Follow the MCS-Horizon Format Guide and be sure to include citations in footnotes when paraphrasing, summarizing, or quoting from other sources.

- Related learning outcome: #2, #4
- **Assignment length:** 1000-1200 words.
- **Due date:** October 18, 2024.

Video-on-Demand (VOD) Student Requirements

As indicated on the course schedule, this class is being offered by VOD. Students taking the course through VOD are required to indicate this during their course registration. While VOD recordings are available for any student who may be absent from class, non-VOD students are expected to attend class live following the class attendance policy.

- For this course, VOD students have **same and different assignment due dates** as in-class students. Adjusted due dates include:
 - Content Test: due October 11 at 11:59PM
 - Position Paper: due October 7 at 11:59PM
- Students are required to watch and engage with all lecture content and in-class activities from one full day of the module according to the schedule below. VOD students will post 2-3 minute video report addressing the following items: 1) affirms you have watched the required recording 2) summarizes one thing you learned that week that will help you reach the course learning outcomes, and 3) explain at least one question you had after watching the class recording.
 - Day 1 Lectures and Report: Sept 13 at 11:59PM
 - Day 2 Lectures and Report: Sept 17 at 11:59PM
 - Day 3 Lectures and Report: Sept 21 at 11:59PM
 - Day 4 Lectures and Report: Sept 25 at 11:59PM
 - Day 5 Lectures and Report: Sept 29 at 11:59PM
- In order to pass the course, VOD students must submit all of their VOD weekly submissions. These submissions are marked are pass/fail based on whether or not they demonstrate thoughtful engagement with the lecture content and in-class activities.

Academic Policies**General Assignment Guidelines**

Please see the [MCS-Horizon](#) Format Guide for assignment submission, grammar, and formatting guidelines.

Late Assignments and Extensions

Students are expected to submit work by the assigned due dates, as part of their development of the Leadership and Administration competency. To submit extension requests, students must submit the *Assignment Extension Request Form* on Populi and *before the due date*. Professors may grant extensions in the case of extenuating circumstances, such as significant illness or a family emergency. Furthermore, no extensions will be granted beyond the final day of a term or semester unless approval is granted by the Associate Academic Dean (MCS) or Assistant Academic Dean (Horizon).

Late submissions will be tracked across each student's program. If a student incurs multiple instances of late submissions, it will result in academic discipline, such as required tutoring, academic probation, failure of the course, or failure to qualify for graduation. Similar to standard human resource employment practices, students will receive warnings and conditions with increasing severity of academic discipline. If one assignment is submitted more than five days late, the student will fail the course.

Assignment Completion

Professors usually will not accept assignments that have not been completed according to the instructions given in the syllabus. If a professor informs a student that a submitted assignment is incomplete, the student will be given the opportunity to complete and resubmit the assignment quickly. If this is not possible, the assignment will be regarded as submitted late.

Assignment Revisions

Students can generally submit up to two revisions for each assignment, although a professor may accept more revisions if the professor determines the student is addressing all of the professor's instructions and making significant progress toward achieving competency.

MCS-Horizon College Assessment of Student Work

The goal of courses is to help students develop their competency, not earn letter grades. Assignments are the means by which instructors evaluate development of competency by

assessing learning outcomes as outlined in the syllabus and each assignment rubric. Once a student's assignment has met all competency requirements, the professor will assign a grade for that assignment. Likewise, a final course grade is not calculated until the end of the course. Students pass a course (with a B- or higher) only after they have demonstrated that they have *met or exceeded all competency requirements* for that course and, therefore, only after they have passed all assignments.

MCS-Horizon CBE Scale		Descriptor	Letter Grade	Grade Point	U of S Equivalency
E	Exceeding expectations	Student demonstrated exceptional achievement of the learning outcomes.	A+	4.0	90-100
		Student demonstrated excellent achievement of the learning outcomes.	A	4.0	85-89
			A-	3.7	80-84
M	Meeting expectations	Student demonstrated good achievement of all learning outcomes.	B+	3.3	77-79
			B	3.0	73-76
			B-	2.7	70-72

If the student does not meet all competency requirements in a course and, therefore, does not pass all the assignments in a course, the course will not be sufficient to fulfill their program requirements at MCS-Horizon. Nevertheless, for transferability purposes, the student will receive a letter grade of C+ or below according to the scale below.

BTM	Beginning to meet expectations	Student was beginning to meet one or more learning outcomes.	C+	2.3	67-69
			C	2.0	63-66
			C-	1.7	60-62
NYM	Not yet meeting expectations	Student made insufficient progress toward meeting learning outcomes.	D+	1.3	57-59
			D	1.0	53-56
			D-	0.7	50-52
			F	0.0	0-49

Academic Integrity

Students learn best when practicing academic integrity. A lack of integrity is displayed in acts such as deception, abuse of confidentiality, cheating, inappropriate collaboration, or plagiarism. Plagiarism occurs when a student presents the words or ideas of another person or an artificial intelligence (AI) tool in such a way as to give others the impression that it is their own words or ideas. In academic writing, there should be no doubt which words or ideas are the student's and which are drawn from other sources or AI. Students are expected to submit their own original work and give due recognition to sources from which all substantial phrases, sentences or even ideas are drawn. Note also that you may not submit work done in one course to satisfy the

requirements of another course (unless both instructors agree beforehand to accept such work). See [here](#) for examples of plagiarism and further guidelines in the Student Handbook.

Accessible Learning Services Information

MCS-Horizon aims to provide an accessible learning environment for all our students. If you would benefit from learning accommodations due to temporary or ongoing physical or mental health conditions or learning disabilities, please contact us as soon as possible to schedule a conversation. In all cases we ask that you provide current documentation of the disability or condition you wish to disclose. MCS-Horizon takes appropriate care to ensure confidentiality about any such disclosures. For more information, contact Wendy Holmes, MCS's Director of Academic Success (wendy.holmes@mcs.edu), or Richelle Bekkattla, Horizon's Library Technician and Academic Accommodations Coordinator (library@horizon.edu).

Class Attendance

Students should attend all classes in order to facilitate competency development. Students are expected to be present through the delivery method that they registered for, either on campus or through livestreaming with their camera on. A student must be present for the full duration of a class period in order to be registered as present for the class. In the case of illness or other unforeseen circumstances, students may miss the equivalent of six hours of class (e.g., one day of a module course or two three-hours classes) without academic penalty. Students who are absent for more than this will automatically fail the course. Students wishing to be exempted from this policy due to extenuating circumstances may make an academic appeal, where they will need to document and verify those circumstances. Students who miss a class are responsible to get missed notes or handouts from another student, rather than from the professor.

Livestreaming Etiquette

Students taking the course through livestreaming are required to indicate this during their course registration. While livestreaming access is available for on-campus students who are unable to attend class due to illness, on-campus students are expected to attend class in person following the class attendance policy.

If attending class online via livestream, in order to be marked present for class, you must keep your camera on and stay present and attentive throughout the class session, extending the gift of engagement. Access your class with a computer (preferably) or tablet, not a cell phone. Arrive to class on time, and dress as you would if you were attending class on campus. Join the class from a quiet space with minimal background noise and mute your microphone until you wish to speak to the class.

Use of Technology

MCS-Horizon encourages the use of electronic devices in the classroom to enhance learning. Careful consideration must be given to privacy issues, copyrighted materials, and the general care and concern for others. Please respect the following classroom policies:

- Please use online access for course learning only. This is a matter of respect for the instructor's teaching, your own learning, and fellow students who may be distracted by other uses.

- Students should secure permission from the instructor to record any teaching material. This includes PowerPoint slides, white board illustrations, notes, and any form of audio or video.
- Student feedback is a valuable input for course improvements. Please resolve any classroom grievance about the instructor or course with the instructor personally, through the grievance procedures, or the Populi-based course evaluations. It is inappropriate to air classroom grievances on a social media platform.
- When instructors use recording mechanisms in the classroom, recorded materials will be used for the sole purpose of instruction and cannot be released to any social media outlet without the written consent of the students whose images have been recorded.
- In general, it is not acceptable to share photographs or videos of students in the classroom setting without permission from those whose images appear in such media.
